Duff & Phelps Utility and Infrastructure Fund Inc.

Announces Dividend and Discloses Sources of Distribution

Section 19(a) Notice

CHICAGO, September 16, 2020 – The Board of Directors of [Duff & Phelps Utility and Infrastructure Fund Inc.](#) (NYSE: DPG), a closed-end fund advised by Duff & Phelps Investment Management Co., today authorized the payment of dividends on its common stock as follows:

Cents Per Share	Ex-Date	Record Date	Payable Date
\$0.35	December 14, 2020	December 15, 2020	December 31, 2020

The Fund adopted a Managed Distribution Plan (the “Plan”) in 2015 to maintain its current 35 cent per share distribution rate. Under the Plan, the Fund will distribute all available investment income to its shareholders, consistent with the Fund’s investment objective. If and when sufficient investment income is not available on a quarterly basis, the Fund will distribute realized capital gains and/or return of capital to its shareholders in order to maintain the 35 cent per share distribution level.

The following table sets forth the estimated amounts of the Fund’s September quarterly distribution to shareholders of record at the close of business on September 15, 2020 (ex-date September 14, 2020), payable September 30, 2020, together with the cumulative distributions paid this fiscal year to date from the following sources. All amounts are expressed per share of common stock based on U.S. generally accepted accounting principles which may differ from federal income tax regulations.

The Fund will issue a separate 19(a) notice at the time of each quarterly distribution using the most current financial information available. You should not draw any conclusions about the fund's investment performance from the amount of these distributions or from the terms of the fund's managed distribution plan.

The fund estimates that it has distributed more than its income and capital gains; therefore, a portion of your distribution may be a return of capital. A return of capital may occur, for example, when some or all of the money that you invested in the fund is paid back to you. A return of capital distribution does not necessarily reflect the fund's investment performance and should not be confused with 'yield' or 'income'.

The amounts and sources of distributions reported in this notice are only estimates and are not being provided for tax reporting purposes. The actual amounts and sources of the amounts for tax reporting purposes will depend upon the fund's investment experience during the remainder of the fiscal year and may be subject to changes based on tax regulations. The fund or your broker will send you a Form 1099-DIV for the calendar year that will tell you how to report these distributions for federal income tax purposes.
